About Me

I am a skilled and passionate full-stack web developer with over three years of experience in the web development industry.

Currently, I am working on innovative projects to enhance user experiences and solve challenging programming problems.

Skills

- Programming: Proficient in JavaScript, React, and creating web applications.
- Frontend Development: Advanced knowledge of HTML, CSS, Flexbox, Grid, and responsive web design.
- Frameworks & Tools: Skilled in Bootstrap, Sass, and CSS Preprocessors.
- Version Control: Experienced in using Git and GitHub for collaborative projects.
- Animation: Expertise in jQuery and building animations.
- Backend Development: Solid understanding of server-side technologies with frameworks like Django.
- SEO Optimization: Competent in optimizing website performance and visibility.

Experience

- Developed feature-rich websites for clients such as Digikala and other major platforms using React.
- Built responsive and interactive websites for car dealerships and tourism platforms.
- Implemented robust designs using Sass, Flexbox, and Grid for projects like Zoomit.
- Created user-friendly and visually appealing e-commerce solutions with a focus on functionality and aesthetics.

Education

- Associate Degree in Computer Networks - Azad University
- Diploma in Mathematics and Physics - Iran Zamin High School

Certifications

- Front-End Development Certification - Webitron Academy
- Back-End Development Certification - Webitron Academy
- Website SEO Optimization - Top Academy
- WordPress Workshop - Dollar Agency
- Advanced Networking - Mehravash Computer Academy

Languages

- Fluent in English

Interests

- Exploring Artificial Intelligence and its integration with programming.
- Mastering JavaScript frameworks and enhancing technical skills.
- Improving UI/UX design for better user engagement.
- Participating in open-source communities and single-page application (SPA) development.
- Advancing in mobile-first and responsive web design.

Goals

I am passionate about learning, innovation, and collaboration. I aim to join a team that values creativity, ch
